EDUCATION

BE – CSE	Loyola – ICAM College of Engineering and Technology	CGPA : 8.08 (up to 7 th sem)	2022-2026
HSC	SMDPVC HR SEC SCHOOL	93%	2021-2022
SSLC	SMDPVC HR SEC SCHOOL	90.1%	2019-2020

INTERNSHIP

Web Development Intern – Zer01 Online

FEB 2025

Gained practical experience in full-stack web development using the MERN stack by building responsive, high-performance applications. Developed a dynamic blog platform with full CRUD functionality, user authentication, real-time commenting, and interactive UI using React, Express, MongoDB, and Node.js.

PROJECTS

CASH-INO – FLUTTER(DART),PYTHON

A user-friendly financial management app simplifying budgeting, expense tracking, and financial planning. Integrates advanced OCR technology and educational content for efficient financial management.

CINEFLICKS – FLUTTER (DART),GOOGLE MAP GEOLOCATION API,MONGODB

A user-centric social networking app for filmmakers and technicians, streamlining crew discovery, hiring, and collaboration. Combines real-time job listings, profile management, and Google Maps integration for location-based professional networking within the film industry.

BID-ION-NEXT.JS,TAILWIND,CSS,NODEJS,EXPRESS,ETHER.JS,SOCKET.IO(SERVER)

Built a decentralized Web3 auction platform on the Monad blockchain using Solidity, Ether.js, and Next.js, enabling transparent smart contract-based bidding, NFT minting, and automated transaction execution. Ensured real-time interactivity and secure, trustless user experiences in a fully decentralized environment.

CERTIFICATIONS

Database Programming with SQL – Oracle

Python 3.x Programming Course (Hands-on)

MATLAB Onramp Courses

HTML & CSS BootCamp -SkillEcted

ACHIEVEMENTS

Secured 3rd place in the TechnoTeen Hackathon, developing a fully functional and innovative application under time constraints, recognized for creativity and technical execution.

Participated in HackHazard 2025, conducted by the Namespace community; Project "Bidion" was selected among the Top 100 overall and Top 25 in the Monad blockchain track, out of 2,900+ teams and 5,700+ solo hackers.

TECHNICAL SKILLS

Programming Languages - Python | JavaScript | Dart(Flutter) | Java | HTML | CSS | SQL

Frameworks & Libraries - ReactJS | Express JS

Technologies and Concept - Git | GitHub | Figma | UI/UX | OOP

SOFT SKILLS

Communication Team worker | Quick learner | Adaptability
